

Administration of Medicine Consent Form

Statutory guidance for Early Years settings states that medicines must not usually be administered unless they have been prescribed for a child by a doctor, dentist, nurse or pharmacist and that **medicines containing aspirin** should only be given if prescribed by a doctor. Ideally all medicines should be given by the child's parents. Allstar Community Academy staff will only administer medicines if absolutely necessary. Before requesting staff administer medicine to your child, please consider if there is an alternative.

Child's full name		Date of birth	
Medicine to be administered		Type	Prescription / Over the counter

Details of administration

<p>When should this medicine be administered? Time of day OR Specific circumstances in which it should be administered – describe in full</p>
